

Fibreglass Wallcoverings

ADFORS Novelio® Nature

Fibreglass wallcoverings provide more than just decoration. They are highly functional for both regular households as well as public spaces such as hotels, cafes, schools, offices, etc.,

In short, everywhere you spend your time and want to feel comfortable.

Simply adhere our wallcoverings – no further coating necessary. They are abrasion and impact resistant, so they'll remain beautiful for years. If required, they are easy to clean.

What are their other advantages?

Simple Application

The wallcoverings come prepared for immediate installation – no modifications, no subsequent coats.

Impact Resistant

They are strong enough to withstand normal levels of abrasion. Chairs won't dent them, and children's toys won't harm them.

Washable

Water does not damage them. The wallcoverings are washable and non-absorbent, and they work well in humid spaces.

100% PVC free

Our wallcoverings are made from natural materials.

Easy to Paint or Remove

You can paint over or remove our wallcoverings easily – no water necessary. Moreover, they won't tear.

CleanAir Qualities

They constantly absorb formaldehyde, thus maintaining excellent air quality in the spaces where we breathe, even decades later.
